Dear Mike:

Thank you for providing news coverage as well as playing in the 3rd Annual UTPB Athletic Golf Tournament held on Friday, June 20, 2003. Your and BIG 2 News' participation was vital to the success of the tournament! I am truly grateful for your help.

As you are aware, The University of Texas of the Permian Basin currently offers teams in men's and women's soccer and basketball as well as volleyball and softball for women. This fall, we will be adding men's and women's swim teams and in the spring of 2005 we will be fielding our first men's baseball team. Future plans include joining the NCAA Division III and the addition of men's and women's golf and cross country teams.

Athletics are a vital tool for recruiting students to attend the University. By expanding our athletic program, we are creating a more traditional atmosphere on campus, and thanks to your support, future growth is inevitable.

Once again thank you. Your participation was greatly appreciated!

Sincerely,

Stacey Fuqua

Dear Mr. McKay,

On behalf of the Junior Achievement Midland District Council and the students we serve, we would like to express our sincere appreciation to Midland Reporter Telegram for your tax deductible contribution to promote this year's annual fund raising event, ShrimpFest 2003.

Throughout the year, one student in five will receive a Junior Achievement program. Your involvement at ShrimpFest 2003 as a volunteer, donor, or sponsor directly impacts the lives of students, their families and our entire community. Thank you for your generosity and continued support!

Dear Hilary & Glenn:

I want to thank both of you for coming to our Story Time and adding a touch of humor to our program. Glenn, thank you for reading Dr. Seuss with so much enthusiasm. Hilary thank you for your kind smile and wit as Glenn was reading. The children and adults loved having you at Story Time. The children especially enjoyed seeing local celebrities. People like you volunteering your time, is what makes our Summer Reading Program a success. Thank you for sharing your talents with us.

I really appreciate the time you took to entertain our children.

Dear Mr. McKay:

Enclosed is the 2002 Annual Report for Midland Habitat for Humanity. The theme of "Built to Grow" reflects the efforts of all of you for the children and families highlighted in this report. On behalf of all of us at Midland Habitat for Humanity, "Thank you!" for your support!

The social implications of affordable housing affects us all. We are honored by your partnership as we work together to improve the quality of life for those trapped in substandard housing. Recently, I heard a sermon about the ingredients for success. One of the keys to success was doing something *significant*. I thought of Habitat and realized that Midland Habitat is *significant*. How blessed we all are to be a part of something that is truly *significant*! Our efforts and gifts will keep on giving for years and provide intangible benefits for these families that will continue for a lifetime. Together we have thrown the proverbial rock into the pond. The ripples started here and will continue...on and on.

Thank you!

Dear Renee:

We wanted to take this opportunity to thank you for your professional assistance in promoting the Celtic Heritage Society of the Permian Basin's first Celtic Festival and Gathering of the Clans for 2003. It was a great success, and we are already in the very early stages of planning for 2004. We so hope that you still plan on joining us in 2004, as we expect the festival will be bigger and better than before.

Without the support of our professionals and media, within the Permian Basin, new events such as this would not be able to succeed.

Again, we thank you and we look forward to working with you in 2004.

Dear Mr. Hudman:

Sunday, April 13, 2003, was a beautiful day for many West Texans. Hundreds of residents gathered together to "Salute Our Troops" at a community wide rally. The rally provided an opportunity for many to publicly show support of our troops, our military leaders, and our President.

The event would not have been possible without the help of our local media. Your station helped spread the word as the rally approached. KMID was also instrumental in videoing the program and webcasting it for our soldiers to view. In addition, those who were not able to attend were given the opportunity to later watch the entire rally on KMID. Another thank you to Mike Barker for giving his time to help host the event.

It is always uplifting to see our community pull together in a time of need. Many families and friends of those fighting in Iraq needed to feel that community support. We will continue to support and pray for our leaders and troops fighting for Iraqi Freedom.

Thank you again for your support and involvement in our community!

Mike -

Just a note to say Thank you so much for the fantastic job you did emceeing our panel discussion, Jan. 31. It turned out to be an incredible night. (Should you ever want a video of the night, just let me know).

I really hope you'll consider moderating future panel discussions. I can't imagine anyone else I'd rather have handling the event.

Again, my sincerest Thanks.

My name is Jerry McLaurin. I have lived in Midland for 35 years.

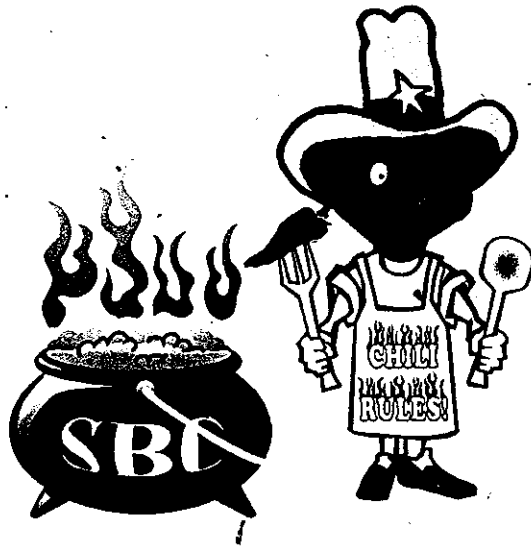

In that time I have seen a lot of good and some "not so good" newscasters come & go.

There were some real "cuties" and there were some that should have been in another occupation.

In my opinion, the first big improvement at Ch. 2 was when you got rid of Jay Gordon Lund. He was (and is) so immature that when the ~~weather~~ weather came on, I would flip the channel to another station.

In more recent times, when you hired Karen Carter to your news team - you improved Ch. 2 news 200%. She's mature, professional and I enjoy her newscast.

I think the team you have now, with Mike, Karen, Mel, and Horace, you have

Dear Glenn and Alisa,

I just wanted to drop a line to let you know how much I enjoy your morning broadcast. The two of you obviously enjoy what you do and have a great rapport, and that makes you a joy to watch. I had boycotted Big 2 News years ago when, during the evening news, Mike Barker implied his disapproval of the Ellen DeGeneres "coming out" episode. It's nice to see non-conservatives (or at least people who don't present themselves as conservative) actually being broadcast in West Texas. (Gasp!). Hope y'all both stick around.

Dear Mike:

I received a call from Steve who advised that Big2 is airing a 20-second PSA with all 43 names of the UTPB Alumni Association 2002 Beacon Award recipients being scrolled during your narration. I have been fortunate to see the announcement and on behalf of our entire membership, I wish to thank you for promoting our Association and bringing the focus on higher education to viewers. *Assignment Education* is most informative and serves the communities of West Texas well by covering *everything* one needs to know about education in the Basin.

Our recipients are each charting their own courses after May 2002, and as promising as they are, some will be heading to institutions beyond the Permian Basin while a few will remain in the area. We are delighted to have some of those few at UTPB. While the plaque each has received will probably adorn a wall, each recipient is being provided a laminated card to keep with him/her at all times and as each seeks participation in various campus activities (academic and non-academic), the card will serve as a good reminder of the untapped potential each has yet to explore.

The important work to include more schools in 2003 has already begun and will be an ongoing task. Far too many of our high school graduates are without definite academic pursuits after graduation and in time we feel that our Award can help reduce those numbers. The Association seeks to promote The University in its activities and in the case of the Beacon Award, two important facts, accessibility and affordability, are being highlighted.

Mike, thank you for taking note that there has been considerable growth in our Alumni Association and the efforts of many who have made this possible. Our dedicated board members are committed to a strong Association and are constantly seeking new members and justifying the reasons for membership renewals. Shifting the reason to renew memberships from an appeal from a board to the focus on and support of higher education has proven to be a good combination for our graduates who have been disillusioned or lost contact with the Association. I am confident that many graduates of UTPB who are able to see the PSA of our 2002 Beacon Award will give serious consideration to joining our Association and help shine light on the path to higher education for all high school students in West Texas.

Thank you Mike, and Thank U to Big2!

Sincerely,

Violet

Dear Mr. Schwartz:

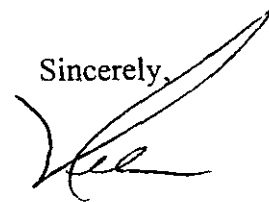

Happy 1999! And, thanks to you, 1998 ended on a very positive note.

Celebrating the 10th year of our Trim-A-Tree for Charity, we were able to collect and distribute to local food banks over **100,000** pounds of food during December 1998. We are very proud of the associates at Lack's who helped with this event. We are proud of the charities whose supporters decorated trees and helped collect cans of food. We are excited with the way in which communities responded to our Trim-A-Tree for Charity contest.

We couldn't have done it without you! The publicity and support given to us by the staff at your broadcast facilities were key elements in our success. Your broadcast support served as a constant reminder to the public that this event was taking place. You also provided inspiration to the charities in their efforts to encourage the giving of the cans of food as votes for their trees.

Your efforts help provide 100,000 pounds of food to hungry people throughout Texas -- and especially to folks in your local community. We appreciate all your efforts in helping make this project a success. Thank you.

Sincerely,

Melvin Lack

Dear Linda Adams,

Thank you for your support of the 2002 Summer Mummies Season. Our summer fundraising was very successful; we hosted over 11,000 patrons (that's about 3600 *out-of-towners*), involved 300+ volunteers from our community, and raised over \$260,000.00 for Midland Community Theatre!

As y'all plan your advertising strategies for 2003, please keep Summer Mummies on your schedule. We will be contacting you once again in April 2003 for your commitment to the summer season. If you wish to expand or move your business ad, we may have new opportunities for you!

And don't forget that your company is also invited to participate in Popcorn Crews! Congratulations to KWES TV, by the by, they raised \$2460.00 in popcorn! The all-time one night record for popcorn sales! I understand they have been bragging about this achievement all over the town and can hardly wait to defend their new title. How about you?

We never made it out for a night at the new ballpark (sigh), but y'all did "step up to the plate" for the "home team". Thanks you for your support of the arts in the Permian Basin. Midland Community Theatre is the fifth-largest community theatre in the nation and your continued support is vital to our success.

The 2003 Summer Mummies Season is sure to offer all the fun, puns, and panache you have come to expect – and we look forward to sharing all the applause and accolades with your company. We celebrate 54 years of success due to outstanding sponsors and advertisers, like YOU. We are very proud of the close circle of businesses that support the Summer Mummies!

Kindest regards,

Dear Robert Hallmark:

Thanks so much for the invitation and participation on your morning program. We certainly appreciate this wonderful opportunity to present our agency to the community and surrounding cities, the response has been wonderful. We received some calls and even some financial donations. Every little bit helps us to make a BIG difference in the life of a child. Once again I thank you for everything, and for making this a wonderful recruitment opportunity.

P.S. Also, a special thanks to Mel Hudman for his participation and promotion.

Dear Robert,

Thank you for having Coach Gordon Wood on your show last week. He is a unique individual, and such a tremendous source of inspiration in my life, as well as in the lives of thousands of others that have known him.

Please keep up the good work on your show. I listen to you and Mel every morning on my way in to work, and find your comments and subjects to be very interesting.

Sincerely,
